

REMARKS

The specification has been amended on page 5 to show the correct alignment of the superscripts with the elements of the equation.

The claims have been amended to more clearly define the invention as disclosed in the written description. In particular, claim 3 has been amended to show the correct alignment of the superscripts with the elements of the equation. In addition, claim 29 has been amended as proposed by the Examiner in the Examiner's Amendment accompanying the NOTICE OF ALLOWANCE. In addition, the claims have been amended for clarity.

Applicant submits that this Amendment is in conformance with 37 C.F.R. 1.312 in that it is formal in nature only and does not affect the scope of the claims. Therefore, entry thereof is respectfully requested.

Respectfully submitted,
